To,

Shri. Gulzar N., Joint Secretary (Policy & FCI)
Department of Food and Public Distribution
Krishi Bhawan, New Delhi - 110001

Subject: Soften the Grain prices with surplus Rice stock.

Respected Sir,

Greetings from GEMA!!

Thank you very much for sparing your valuable time for the delegate of Grain Ethanol Manufacturers Association.

Your good self would be aware that the Grain Ethanol Industry is greatly contributing towards the GOI policy for E-20 EBP Program by 2025.

In 2025 Grain Ethanol Industry is expected to supply more than 600 cr. litres of Grain Ethanol. In meeting this huge demand in EBP Program the availability of feedstock is going to be a big challenge.

In order to explain the present scenario, we are enclosing the presentation covering the all-possible aspects of present circumstances.

We request you to kindly look into the matter.

In case any other information is required please let us know.

Warm regards

Dr. Chandra K. Jain
President

Surrender Kumar
