

# DDGS Application in Poultry Feed

Saurabh Gupta

Executive Member, Poultry Federation of India

20 March 2026, New Delhi

POULTRY FEDERATION  
OF INDIA

# Poultry Overview

- 2<sup>nd</sup> Largest Egg Producer in the World
- 15,000 Crore Eggs produced in India (2024-2025, March-February)
- Export of Eggs has grown 40% during 2023-24
- 5<sup>th</sup> Largest Chicken Producer in the World
- Per Capita Chicken consumption around 4.5 – 5 kg in India

# DDGS – Quality Standards

- Fumonisin Levels (EU & USFDA recommends less than 30 ppm)
- DDGS colour (Light Yellow, Golden Yellow to Light Brown)
- Free Flowing
- Moisture less than 10%
- Protein Value (Rice – 46 - 50%, Corn – 28 - 32%)

Please help us in providing quality DDGS to ensure good quality feed – ultimately helping us in producing good quality protein

Thank You
